

Science Fair Display Boards

Science Fair is coming to Highlands with projects being due in May. Projects that are being judged should be appropriately displayed. In an effort to help save you time and money, the 5th grade team is working with EPI to order display boards. The boards are two-fold with three sections and measure either 32"H x 48" W for the Collections Projects or 36" H x 48" W for Experiments or Inventions. They come in six colors: white, black, green, red, yellow and blue. Boards cost either \$3.00 or \$4.00. We do have some samples in room 12 if you would like to see a board. To make sure you receive them in good time, we need to request that all orders be in to Mr. Lowry by Wednesday, March 29th. We will be placing the order that day.

Please send cash only and return it with the appropriate order form below.

32 inch Display Board for Collections

Student's name _____

Classroom Teacher _____ Room # _____

Please order me _____ display board(s) in the following color(s).
